

*Miltex offers a wide range of instruments and accessories, with most having 3 lines to choose from. For more items than you see here in this section, please contact your V.O.I. sales representative today for a complete catalog.*

### **Return Policy:**

V.O.I. must obtain an RMA prior to returning product to Integra Miltex. Returns will only be granted and authorized by your V.O.I. account representative by calling 904-436-6540.

The issue of an RMA number should not be interpreted as a final credit to your customer account. Integra Miltex reserves the right to evaluate incoming returns prior to issuing any customer credit.

Integra Miltex has a 25% restocking charge for product returned 90 to 120 days after receipt of shipment. Product must be returned unused and in its original packaging with no additional labels or materials added to the package. NO returns will be accepted beginning 120 days after receipt of shipment. Non-Sterile products which have been opened, or returned out of the original packaging or are returned after the expiration date, will not be credited.

Discontinued products, private labeled products, custom made products, custom etched products and neutralized products are not returnable.

For instruments needing repair or noted as “broken”, please contact your V.O.I. account representative at 904-436-6540 for information regarding the special shipping and handling requirements.

All items returned to V.O.I. for repair, evaluation for credit, or unwanted, must be returned with a Certificate of Sterilization if the item has been opened and used.

# Integra-Miltex MeisterHand

## INTRODUCTION

Meisterhand™ Instruments are expertly crafted from German surgical grade stainless steel to meet the very high standards demanded by the Hospital and Treatment Room clinical staff.

This advantageously priced product is ideal for cost containment while offering greater quality and value compared to instruments from any other source.

A wide range of General Instruments is included in the Meisterhand™ line as well as an extensive selection of Specialty Instrumentation, both manufactured with our unique matte finish, and ideal for a variety of surgical procedures and settings.
